## Spiritual Life

### Spiritual Standards

As a Christian institute, IMF Bible College is interested in and committed to the spiritual development of its students. Although the institute cannot legislate spiritual growth in its students, it can and does promote means to develop spiritual growth. We believe the student needs to be committed to a lifestyle that includes a daily time of Bible reading, reflection, and prayer.

Along with campus programming, students are encouraged to make personal choices that will reflect their desire for an intimate relationship with the Lord Jesus. Students are asked to covenant to pray and read the Word of God daily so as to assure growth toward Christian maturity.

Devotional life is a vital part of spiritual development, relating closely to every aspect of their preparation for ministry. The following are means the Institute provides and/or encourages to promote and develop spiritual life.

### Personal Devotions

Every student is urged to observe a time of daily prayer and Scripture reading. Meetings, study, or any other activity should not be allowed to take the time allotted for communion with God.

### Counseling

Faculty members are available to students who desire special prayer and counsel. In some cases, a staff or faculty member may recommend other spiritual leaders to assist the student by providing further counseling.
